

# *Journal of Ancient Egyptian Interconnections*

## Guide for Contributors

---

### TOPICS FOR CONTRIBUTIONS

The online *Journal of Ancient Egyptian Interconnections* is a scholarly, peer-reviewed journal that will consider potential contributions on any aspect of interaction (one- or two-way) between ancient Egypt and other cultures of the ancient world. Normally, these other cultures are ones directly or closely surrounding Egypt in Africa, the Near East, and the Mediterranean world, though demonstrable interactions between Egypt and more distant regions are also acceptable. Posited interactions between Egypt and the New World will not be considered.

### TYPES AND LENGTHS OF CONTRIBUTIONS

*JAEI* publishes three types of studies: full-length articles, short research notes, and reviews. Articles should be of a size commensurate with that of articles in printed journals, and contributors should check with the Editor before submitting an unusually long contribution. There is no minimum length for short research notes as long as these clearly make a significant point. Reviews may be of any length, depending on the significance and size of the work reviewed. For more specific guidelines, contributors are advised to consult with the Editor on a case-by-case basis.

### SPELLING AND DATES

American spelling conventions will be used. The *UCLA Encyclopedia of Egyptology* should be followed for the preferred spellings of **transliterated place names and personal names** as well as **dates for dynasties and kings** unless the argument of the contribution requires alternatives that are explained in the contribution itself.

### FORMAT OF CONTRIBUTIONS

All contributions submitted for review must be in English and in MS Word format. Submissions with special fonts must also include a note naming the font and a PDF or hardcopy of the text. Normally, texts in ancient languages should be in standard transliteration. If it is important that the actual script is shown, texts should be submitted as digital image files noting their intended placement in the text of the manuscript. The first page of the manuscript should carry the title of the article with the name and affiliation of the author, followed by a short abstract (not more than 150 words) and then the main text. If figures or tables are to be placed in the text, their position should be indicated by a caption.

### SUBMISSION PROCEDURES, PUBLICATION, AND COPYRIGHT

Contributions should include a cover letter with the author's name, telephone number, email and mailing addresses, and affiliation. Contributions may be sent to the editor at [JAEI@egypt.arizona.edu](mailto:JAEI@egypt.arizona.edu), transmitted via an online file download site, or mailed on CD-ROM (other media will not be accepted) to: *Journal of Ancient Egyptian Interconnections*, P.O. Box 210150, University of Arizona, Tucson, AZ 85721-0150

Because *JAEI* is a scholarly peer-reviewed publication, contributions to the journal are not automatically accepted and may be declined if editorial reviewers do not support their publication. *JAEI* is published quarterly; if accepted by the journal, submissions will normally appear within a few months of receipt. Copyright of submitted material remains with the contributor so that submissions may be freely utilized by their authors in other venues at any time after their publication in *JAEI*.

### PERMISSIONS

Authors must obtain permissions for the reproduction of copyright images or material used in their submissions. *JAEI* cannot research or obtain permissions for its authors.

### ILLUSTRATIONS

Images (photographs and line art) to illustrate submissions should be sent in separate, individual digital files (not printed on paper). Images may be submitted in compressed format (jpg/jpeg) provided that they are of sufficient size and quality to allow clear screen display and printing (normally about 300 dpi). Large image files should not be submitted as email attachments but rather should be transmitted via an online file download site. Authors wishing to include more than 10 images in an article should clear this with the Editor.

## NOTES

References to published works and other notes must be indicated by superscript numbers at relevant places in the text and given in the form of endnotes. *JA EI* does not utilize footnotes. All authors of cited works should be listed with their first and last names followed by the full title of the work and the place, publisher, and date of publication if a book or monograph, or journal name, issue, and date of publication in the case of journal articles. Online citations must include a full URL and any information regarding author and page title. Examples:
