

# JOURNAL OF ANCIENT EGYPTIAN INTERCONNECTIONS

## Addendum to Volume 3, Number 1

*JAEI* aims to give as much pertinent publication information as possible regarding reviewed books. In the case of the reviews in this issue, although all publishers were listed, note was not made of distributors for some of the titles.

The David Brown Book Company <http://www.oxbowbooks.com/home.cfm/Location/DBBC> distributes in North America all of the books reviewed in the current issue with the exception of *Minoan Kingship* by Nanno Marinatos, and the BAR volume *Syro-Palestinian Deities in New Kingdom Egypt* by Keiko Tazawa, though the latter volume is also available for purchase through DBBC.

*Minoan Kingship* is available from many booksellers and direct from the University of Illinois Press: <http://www.press.uillinois.edu/books/catalog/38ryg3nm9780252033926.html>.
